

HIDDEN IN NATURE

Prezentare proiect eTwinning

Proiectul **Hidden in nature** își propune atât creșterea gradului de conștientizare a elevilor cu privire la protecția naturii, dar și să-i facă pe elevi să-și dea seama că sunt responsabili pentru natură, în mod individual. Proiectul urmărește să sprijine elevii noștri să își dezvolte abilitățile de alfabetizare ecologică. Vor fi organizate diverse activități pentru a da posibilitatea de a privi natura dintr-o perspectivă diferită. În acest scop, se vor conștientiza unele teme ascunse în natură. În acest proces, vor fi utilizate tehnici de învățare, cum ar fi instrumentele web 2.0, învățarea prin descoperire, învățarea bazată pe proiecte, observarea sistematică etc.

În activitățile proiectului sunt implicați 22 de profesori și 157 elevi din 6 țări.

HIDDEN IN NATURE

Our project is a project which is planned to raise awareness of nature in students and make students realize that they are responsible for nature individually. It has been prepared to support our young people to develop their ecological literacy skills. Various activities will be held to give the ability to look at nature from a different perspective. For this purpose, awareness will be raised about some themes hidden in nature. In this process, learning techniques such as web 2.0 tools, learning by doing, project-based learning, trip observation, etc. will be used.

TARGETS
* TO GIVE OUR STUDENTS THE OPPORTUNITY TO IMPROVE THEIR ENGLISH LANGUAGE SKILLS OUTSIDE OF THE CLASSROOM.
* TO ENSURE THAT STUDENTS ARE SENSITIVE TO THE ENVIRONMENT
* TO UNDERSTAND THE IMPORTANCE OF RECYCLING FOR NATURE
* TO GAIN INSIGHT INTO DIFFERENT CULTURES, LIFESTYLES AND WORKING STANDARDS.
* TO GIVE OUR STUDENTS THE ABILITY TO USE WEB2.0 TOOLS IN VOCATIONAL FIELDS.
* TO IMPROVE COMMUNICATION, COLLABORATIVE AND ICT SKILLS OF OUR STUDENTS.
* TO ENCOURAGE OUR STUDENTS' CREATIVITY.
* TO IMPROVE COLLABORATION BETWEEN TEAMS.
* TO MAKE STUDENTS EXPERIENCE AS MANY ICT TOOLS AS THEY CAN.

Țintele proiectului:

- 1) Creșterea interesului și dragostei elevului pentru natură.
- 2) Socializarea elevului.
- 3) Dezvoltarea simțului responsabilității elevului.
- 4) Creșterea gradului de conștientizare a elevilor cu privire la protecția naturii.
- 5) Formarea indivizilor productivi.
- 6) Îmbunătățirea abilităților lingvistice ale elevilor prin comunicarea cu partenerii străini.
- 7) Creșterea gradului de conștientizare a abilităților artistice ale elevilor.
- 8) Oferirea unei noi perspective elevilor despre modul în care pot folosi știința în viața de zi cu zi.

Activitățile proiectului sunt complexe, diverse, stimulându-le elevilor dorința de cercetare și analiză, ajutându-i să descopere informații noi, ei folosind pentru aceasta instrumente Web 2.0 multiple. Ca rezultat al proiectului nostru, cooperarea și abilitățile de comunicare ale elevilor noștri se vor îmbunătăți. Prin creșterea interesului și a dragostei lor pentru natură, se va dezvolta conștientizarea protecției naturii. Elevii își vor da seama de interesul și abilitățile lor pentru artă și își vor descoperi potențialul. Pentru majoritatea activităților propuse elevii vor utiliza instrumente web 2.0 și își vor îmbunătăți abilitățile de utilizare a TIC în timpul studiilor.

Iată câteva dintre activități:

TO DO LIST FOR DECEMBER

HIDDEN IN NATURE

TAKE PARENTAL PERMISSIONS

1 AND ADD STUDENTS

Add your students to our project (max:10 students)

2 INTRODUCE YOURSELF

Introduce yourself on know each other (teacher) page and add your photo.

3 INTRODUCTION OF STUDENTS

Your students introduce themselves on the know each other (student) page and write comments on other introductions

PROMOTE YOUR SCHOOL

4 AND MARK IT ON CANVA MAP

Add your school promotion to "our school" page. Video, photo collage, website etc. (max:3 sharings)

5 PROMOTE YOUR CITY

Add photos promoting your city to "our city" page. You can create a collage or Jigsaw puzzle (Jigsaw Planet). (max:3 sharings)

6 LOGO COMPETITION

For choosing the project logo, upload just "1" logo to the "logos from partners" page.

Deadline: 25th December

Be sure to write your name and school name on your sharings. If you have more than one logo work, you can share your students' photos that show their studies on the "backstage" page.

ART IS HIDDEN IN NATURE

ACROSTIC

Mixed country teams will be formed. In each team, each partner school will suggest words or sentences, one of them will be elected by voting and acrostic will be written with this word (Forum).

Finally, poster design will be made with acrostic.

(Simultaneously with Canva Teams) **COMMON PRODUCT**

2 A PAINTING, AN ARTIST

The works of nature artists will be reproduced with nature materials using the collage technique.

Finally, will be created an e-book with collages.

CHALLENGE

WHAT AM I?

Some materials from nature (potato, stone, leaf, water bottle, etc.) are given to each team. They are asked to convert this material to another material. Teams will challenge each other using their creativity. Each team will create a team video by combining the images of the materials they have prepared.

4 EXPERT OPINION

Organising a webinar with someone who is expert in the field.

YOU CAN DO IT!

5 PROJECT SONG

Partner schools will compose about nature. Some of the partners will write the composition, some will prepare the music, and a partner will sing.

(by MeetingWords) **COMMON PRODUCT**

A wonderful month with very nice activities is waiting for us. Enjoy the month!

RECYCLING IS HIDDEN IN NATURE

DON'T THROW IT, RECYCLE IT!

There will be recycling practices from the household waste materials. For this, you need to use a waste material. And you need to turn it into a reusable material.

WHAT DO YOU THINK?

Students' ideas will be consulted about an important environmental problem and they will be asked to produce solutions. "Why do you think people throw some

FROM PAST TO FUTURE

Team will design a poster with shows the changes in nature between the past and

substances into nature even though they know that they have not disappeared for years? What can we do to fix this problem?" (Padlet)

the future or a nature problem (Forum) (25 years ago-present-25 years after) (Canva Teams)

I'M AWARE

Awareness studies will be conducted on nature problems and students will be asked to offer solutions.

ACROSTIC POSTER-TEAM 1!

We created our poster simultaneously in canva for our acrostic we prepared with the international mixed group of students and teachers. The group is consisted from the teachers Anastasios Sallis (Greece), Eda Acar (Turkey), Stegaru Viorica (Romania), Nazli Caner Bölüçü (Turkey), Maja Stolic (Serbia), Elif Ordu (Turkey) and students from each school in the team were : Ilias.st, spyrosm.st, anestis.st, elifbaşak.ea, rojda.ea, miruna.stegaru, adelina.stegaru, aybüke.ncb, burçako.ncb, uros.ms, milica.ms, seymasu.eo, betul.eo

Our teachers shared tasks to each student.All the students took part in the writing of the poem and the Eda students adding a background, Maja's , Elif and Stegaru students adding elements, Nazli's students editing text color, style and size, and finally Anastasios students added title and team1 caption.

It was very enjoyable to work together in an entertaining activity that we all enjoyed! It is very nice to work with a group of people who have the same interests and the same passion for their work. We hope you like the final result.

ACROSTIC POSTER-TEAM 2!

We formed an international mixed group of students and teachers and created a magnificent poster using CANVA APP. Our team was consisted of five teachers, namely Daniela Guicin (Romania), Selen Aras (Turkey), Nahda Alghzawi (Jordan), Aylin Ozgur (Turkey) and Sonia Nicorici (Romania) and ten students, two from each school in the team :alessia.dg, luiza.dg,cagan.itu, seyma.itu, rama.ng, eman.ng, busra.ao, sudenur.ao, alexia.cngg, miruna.cngg.

Our teachers shared tasks to each student. Thus, each of us contributed with something: one student added elements, another added the background or chose the font size and color, while others wrote the lines of the poem.

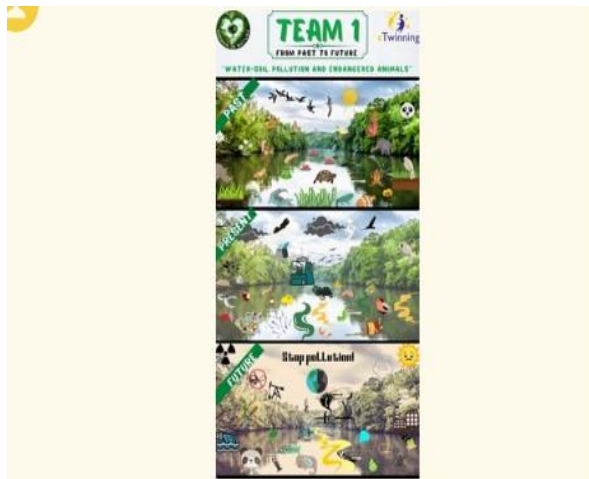

It was a fun and entertaining activity that we all enjoyed! We learned to work in a team, make compromises, master a google web tool and connected more with each other!

We hope our poster illustrates our feelings and the mood we had when we composed the poem!

Video made by Team 2 students while creating the poster.

• Acrostics

- *Theodora Ketssetsidou
- *Aylin Özgür
- *Sonia Nicorici
- *Barbaros Erman
- *Nahda Alghzawi
- *Semin Duban

We made a poster about water pollution, soil pollution and endangered animals changes from past to future. The students in the team communicated in the forum and turned water pollution, soil pollution and the change of endangered animals into posters in the canva program in the past-present-future times. The video recordings prepared during the production stages were added together and the resulting change was revealed. Awareness has been created on how bad our nature will go if we do not take measures regarding environmental pollution.

Anca Popescu, Viorica Stegaru, Elif Ordu, Semin Duban, Emilia Stamile, Ipec Gecko are the teachers from Team 2 who worked, together with the students, the images within the activity From Past to Future, about the nature affected by human selfishness.

The activity was carried out using the Canva application, and the union of the three moments led to the realization of a video montage about a possible scenario regarding the future of humanity. We want the scenario to be an alarm signal for what the future of our children may mean.

Radu.Po is the author of the final montage. Congratulations to the entire team for their involvement and seriousness. Thanks to the organizers for help and support!

A screenshot of a video player showing a decorative frame with the text "What am i?" and "Hidden in Na" and "Team 52". The frame is dark red with white decorative elements. The text "What am i?" is at the top, "Hidden in Na" is in the middle, and "Team 52" is at the bottom. A play button is in the center.

A cheerful video that brings together the work of several teams from different countries. We are happy that it is about us and the work done by the participating children.
Congratulations to the authors of the video!
Nature is a great subject for Art. And children are creative, especially if they are professionally guided.
Congratulations to all participants!
